April 26th, 2018

Topic: Treatment Planning for a Single Tooth Implant Restoration: A Restorative Dentist's Point of View

Speaker: Dr. Sahar Damghani, Prosthodontist

Course description:

This talk is a review on restoration of single implants and looks at surgical planning of an implant restoration from a restorative standpoint. The impact of biological, mechanical, and esthetic factors on the planning will be discussed and reviewed.

Learning Objectives:

- The restorative implications of immediate vs. delayed placement
- The importance of using surgical guides
- Abutment design protocol review
- Final restoration design protocol review

About the speaker:

Is a 1997 graduate of Dental school at Tehran University of Medical Sciences, and a 2004 graduate of University of Pennsylvania, School of Dental Medicine.

After graduation, she joined a private practice in Philadelphia, while serving as a clinical associate faculty at University of Pennsylvania.

In 2006, she relocated to Baltimore to attend the 3-year program of Advanced Education in Prosthodontics at University of Maryland. Upon graduation from the program, she joined the periodontal/implant surgical fellowship at University of Maryland.

She has been in private practice with Dr. Kevin G. Murphy, who has been a mentor and a friend, since year 2012. She has lectured on topics of dental material, complex dental restorations and implant dentistry at different study clubs and meetings, including The American Prosthodontic Society, American College of Prosthodontics Maryland Chapter, The Alpha-Omega Study Club, Terrapin Study Club, The Bye Center for Implant and Periodontics, and Hiossen Study Club. She has published on The Effect of the Number and Distribution of Implants in The Journal of Prosthetic Dentistry.

She is a member of The American College of Prosthodontics, and a Diplomate of The American Board of Prosthodontics.

Dr. Damghani is a resident of Baltimore and when she is not busy doing or planning dentistry, she travels, hikes, and learns to play piano.
